INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen, or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 3 (Name of ship).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, boatman, engine driver, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race of people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—Three questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others, on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 94 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect distinct of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$500, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 3 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of English, Scandinavian, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Calabria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 24.—These questions are self-explanatory and the answers, like all others on this sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 24, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 31.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$ 20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "France" by country. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 11 (*last permanent residence*). Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as "United States." (The Columns 12 *Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States, country, if outside the United States.

Column 15) *Whether having a ticket to such final destination*.—The answer should be either Yee (ticket) or No (no ticket).

Column 16—*By whom was passage paid?*—The entry should show definitely by whom passage was paid, a self, husband, father, brother, or other relative, friend, steamship company, etc.

Q. 444117. *Whether in possession of 200000 of his, head reach* The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should be divided among the several members of the family.

Column 18.—*Whether ever before in the United States; and if so, when and where.*—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place as 1894, 1897, Philadelphia.

place, as, 1804-1807, Philadelphia.

(Column 19) *Whether going to join relative or friend; and if so, what relative or friend.*—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions are self-explanatory and the answers, like all others on the sheet are subject to revision by immigration officers in the examination of aliens. However, in answering question 2, if admission has been deferred within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such application should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether bringing ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, i. e., self, husband, father, brother, mother, friend, steamship company, etc.

Column 16 (Whether in possession of \$20 and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of alien. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what grounds)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city, or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, agent, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of \$ or and of less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors during the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months; the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$20 and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head or status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50. and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1884-1887, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether known a fact to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20 and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18a (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1895, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 (Remarks).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years); and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence.

It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entire statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of country does not mean "France" by country. An Irish, German, or H-drew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed.

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

T. H. = Foreign River Highway Crossing St. John River.
J. B. = International Bridge " "
T. B. = Ferry: Owner, Misses Quellette " "

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question:

"Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing under the head of country does not mean "French" by race or people; and, similarly, "French" appearing under the head of race or people does not mean "Franco" by country. An Irish, German, or Hebrew alien by the head of race or people come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as: self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1890 (N.Y., Philadelphia).

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to review in the inspection room at the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN—BLACK.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as 1894, St. Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891, 1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian	Ruthenian (Rusniak).
Bosnian.	Irish.	Scandinavian (Norwegians, Danes, and Swedes).
Bulgarian.	Italian (north)	Scotch.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mine engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$30, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the heading of country does not mean "French" by race or people, and, similarly, "French" appearing under the heading of race or people does not mean "France" by country. WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of alien; who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50. and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 2, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or Div (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 3 (Head and neck).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 29, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

(Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the nature of the work done by each alien during his stay in the United States. It should include such details as the kind of business, profession, trade, or production of each alien arrival, as, for example: (Civil engineer, stationary engineer, locutionist, trader, or professional; mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not motive engineer, painter, molder, turner, or other indefinite designations.)

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

Farmers are those who own land and cultivate it either for himself or for others.

shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, during the personal examination of alien arrivals.

“Read what language [or, if exemption is claimed, upon what ground].” In answering this question, the language or dialect the alien is able to read should be stated. If alien is unable to read and claim exemption, the assessment of the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Special attention should be paid to the distinction between race and the country of which citizen or the race or people as given in said list.

Special attention should be paid to the race and country of birth, and manifests should be classified by subject, country of last permanent residence, and country of birth. For instance, "France" appearing under "Country of Birth," may mean Frenchman, or it may mean a native-born American citizen who has been residing in France, as revised by inspectors and reported by clerks in this regard. For instance, "French" appearing under "Race," may mean a native-born American citizen who has been residing in France, or it may mean a native-born American citizen who has been residing in France, as revised by inspectors and reported by clerks in this regard. For instance, "French" appearing under "Race," may mean a native-born American citizen who has been residing in France, or it may mean a native-born American citizen who has been residing in France, as revised by inspectors and reported by clerks in this regard.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as 'Italian (south)'.
 Column 11 (*Last permanent residence*).—A person has resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence there. It is important for column 11 should show the country and city or town of last residence of each person of last permanent residence in statistical purposes that steamship companies accurately of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from visit abroad should be recorded "United States."
 Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

(Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States.

States; country, if outside the United States.
(Column 15) *(Whether having a ticket to such final destination).*—The answer should be either Yes (tick ☒) or No (tick ☐) and, if Yes, definitely by whom passage was

Column 14 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$25 and over, or if less, how much*).—The answer should give in each case the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether before in the United States; and if so, when and where*).—The entries should show whether the person had been in the United States for any period of years) and

Column 18 (*Whether ever before in the United States; and if so, when and where.*)—The answer to this question should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) at which place, as, 1894-1897, Philadelphia.—The answer to this question should also show whether or not (Yes or No) abroad, showing the country, city, and date, as, 1894-1897, London, England.

(Column 19) *Whether going to join relative or friend; and if so, what relative or friend, with name and complete address.*

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on these forms, are subject to revision by inspection officers in the examination of aliens. However, in answer to question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given. 16-413

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States." Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or Div (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:
CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.
ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.
Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Held-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applied only to those under 1 year of age.

Column 4 (Sex).—The entry should be either M (male) or F (female).

Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 8 (Nationality).—Question 8 should be construed to mean the country of which alien is a citizen or subject.

Column 9 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian	Ruthenian (Russniak).
Bosnian.	Irish.	Scandinavian (Norwegians, Danes, and Swedes).
Bulgarian.	Italian (north)	Scotch.
Chinese.	Italian (south).	Servian.
Croatian.	Japanese	Slovak.
Cuban.	Korean.	Slovenian.
Dalmatian.	Lithuanian.	Spanish.
Dutch.	Magyar.	Spanish American.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry should be either M (male) or F (female).

Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (Black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States." Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or Div (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south.)"

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as, self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States; before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. "Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50. and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States; before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to resupply for admission, the authority for such resupply should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian.	Ruthenian (Russniak).
Bosnian.	Irish.	Scandinavian (Norwegians, Danes, and Swedes).
Bulgarian.	Italian (north).	Scotch.
Chinese.	Italian (south).	Servian.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hellenic alien by the head of race or people should be designated as English, Swiss, or Greek, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head or status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite descriptions.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is understood and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. Italian is understood and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean (1) country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which alien or subject country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for steamship companies to show country of last permanent residence independently of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are coming from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of parent.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city, or town, of intended future permanent residence, if within the United States, or, if outside the United States.

Column 14 (*Whether he expects to visit his family in final destination*).—The answer should be either Yes (ticket) or No (ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid—husband, father, brother, mother, friend, steamship company, etc.

Column 16 (*Whether in possession of passport or visa, etc.*).—The answer should give in each case (under each of entries) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1864-1867, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 19-21.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors during the examination of aliens. However, in answering question 21, if given the opportunity and within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, steamship engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other undiscriminating terms.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the post-arrival examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people assigned in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish farmer, or Irishman, by race might properly come under the heading of English, Scotchman, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Santhia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, town, or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (If father in possession of \$1,000 or less, how much).—The answer should give in each case individual or jointly the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (If father ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1895, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 (Remarks).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron polisher, wood turner, etc., and not simply assembler, polisher, molder, turner, or other indefinite occupations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew son by race might properly come under the heading of English, Swiss, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city, or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as, self, and not father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of money, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1895, 1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether or not (Yes or No) to join either a relative or friend; and if so, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other undesignated occupations.

A distinction should be made between farmers and farm laborers regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city, or town of intended future permanent residence, if within the United States, or, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom and passage paid).—The entry should show definitely by whom passage was paid, as, for example, husband, father, brother, mother, friend, steamship company, etc.

Column 16 (Whether in possession of \$5, or more, in his own funds).—The answer should give in each case credit (not of funds) the exact amount of money shown. Money brought by the head of a family should not be divided, except the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show who, being, by, join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show who, being, by, join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 20 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show who, being, by, join either a relative or friend, and if so, what relative or friend, with name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry should be either M (male) or F (female).

Column 5 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other undifferentiated names.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the farmer, and corrections should be made, if necessary, by inspectors and registry clerks during the period of examination of alien arrivals.

Column 7 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be given. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 8 (Nationality).—Question 8 should be construed to mean the country of which alien is a citizen or subject.

Column 9 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German or Italian alien, by the race might properly come under the heading of English, Swiss, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the peoples of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN NEGRO.

"African Negro" refers to the African Negro, whether coming from the island or other islands of the West Indies, North or South America, Europe or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the name, city or town, of intended future permanent residence, if within the United States; or, if outside the United States.

Column 14 (Whether alien has money to pay for final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$20 and if less how much).—The answer should give in each case the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894 (New York), Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 (Remarks).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors during the examination of aliens. However, in answering question 20, if an alien has been declared within one year of the Secretary of Labor has authorized him to reapply for admission, the authority for such readmission should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock

the United States under the Immigration Act.

CLASS E

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government or of any other organized government because of his or their official character.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months; the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationer, chemist, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc.; and not simply as engineer, polisher, molder, turner, or other indefinite descriptions.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following questions: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for steamship companies that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Future destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as, agent, husband, father, brother, etc.; or, company, friend, steamship company, etc.

Column 16 (If father in possession of passport, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (If father ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No, in the United States before, and if so, the year (or period of years) and place, as, 1880-1882, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 (Remarks).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been passed within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

Bohemian.	Herzegovinian.	Ruthenian (Russniak).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Hand for status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, steam engine engineer, boat motive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column should be filled and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and questions should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people and, similarly, "Polish" appearing under the head of race or people does not mean "Polish" by country. An Irish, German, or Hebrew race by race might properly come under the heading of English, American, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

A history of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should state definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (*Whether he ever, or ever intends, to visit his family*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By what means he came, or came to, the United States*).—The entry should show definitely by whom passage was made, as, by vessel, father, brother, sister, etc., or by land, steamship company, etc.

Column 16 (*Whether he ever, or ever intends, to visit his family*).—The answer should give in each case the number of family members, the exact amount of money, and the name of the family. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether he ever, or ever intends, to visit his family*).—The entries should show whether or not (Yes or No) in the United States before, and if so, when and where. The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, Boston, Philadelphia.

Column 18 (*Whether he ever, or ever intends, to visit his family*).—The answer should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, Boston, Philadelphia.

Column 19 (*Whether he ever, or ever intends, to visit his family*).—The answer should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, Boston, Philadelphia.

Column 20 to 25.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to the approval of the examining officers in the examination of aliens. However, in answering question 26, if alien has been inspected within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth and nativity should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Italian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN.

"African" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Campania, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of money and if so, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 24.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if other has been deposited within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Does what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people assigned in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly "Polish" appearing under the head of race or people does not mean "Polish" by country. An Irish, German, or Italian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of manner of temporary residence. Country of birth, nationality, or race.

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place only or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a bona fide fixed abode*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20 and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 (*Remarks*).—These questions are explanatory and the answers, like all others on the sheet, are subject to correction by inspectors during the examination of aliens. However, in answering question 2, if the law has been violated within a year and the Secretary of Labor has authorized him to supply the admission, the authority for such re-admission should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indiscriminate terms.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column (see instructions) contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emiliagna and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Sicily, Calabria, Basilicata, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardegnia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a stay abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having come to such final destination*).—The answer should be either Yes (ticket) or No (manifest).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, vessel, vessel, father, brother, mother, relative, friend, steamship company, etc.

Column 16 (*Whether in possession of money and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yesser No) in the United States before; and if so, the year (or period of years) and place, as, 1894 1895, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 24.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to the examination of the inspectors. However, in answering question 26, if alien has been naturalized within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc.) and not simply as engineer, polisher, moulder, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks on this point. For instance, "France" appearing under the head of country does not mean "French" by race or people; and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Italian, or alien of any race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN.

"African (black)" refers to the African Negro, whether coming from China or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from exile abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid (e. g., husband, father, brother, or other relative; friend; steamship company, etc.).

Column 16 (Whether in possession of money and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 19 (These questions are all explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 8 (Able to read and write).—This column is subdivided and contains the following questions: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which the immigrant subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, boat-motive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc.; and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN NEGRO.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these peoples speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are proceeding from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as, agent, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1895, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 24.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by the examining officials in the examination of aliens. However, in answering question 24, if alien has been in the United States within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head of status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite descriptions.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Abile to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of English, Scandinavian, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as, if husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of money and if so, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (Age).—The answer in this column should be expressed in years or months; the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry should be either M (male) or F (female).

Column 5 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—This column is subdivided and contains the following questions: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 8 (Nationality).—Question 8 should be construed to mean the country of which alien is a citizen or subject.

Column 9 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which a person or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Italian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50 and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1893, 1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 22.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors during the examination of alien. However, in answering question 20, if alien has been in the United States within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationer, engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite description.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which a citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as, self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of cash and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join other a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by the seven officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardegnia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as, self, husband, father, brother, or other relative or friend; steamship company, etc.

Column 16 (*Whether in possession of \$20 and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894 (1897), Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors and registry clerks in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been licensed within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
 Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
 Column 5 (Sex).—The entry should be either M (male) or F (female).
 Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
 Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
 A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
 A farmer is one who operates a farm, either for himself or for others.
 A farm laborer is one who works on a farm for the man who operates it.
 Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
 Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
 Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
 Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
 Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the head of race or people does not mean "French" by country. In this race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of birth, nationality, or race. Country of last permanent residence of aliens who are permanent residents of the United States and dependent of country of temporary residence, country of birth, nationality, or race.

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel pusher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question

the language or dialect the alien is able to read should be stated. If alien is unable to read and claims

exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a

citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show

the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or

subject, country of last permanent residence, and country of birth, and manifests should be carefully

revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the

head of country does not mean "French" by race or people, and, similarly, "French" appearing under

the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by

race might properly come under the heading of England, Switzerland, or any other country. In this

connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute

permanent residence. The last country in which alien resided with the intention of remaining one year

or more shall be the last permanent residence regardless of length of actual residence therein. The entries

in column 11 should show the country and city or town of last permanent residence. It is important for

statistical purposes that steamship companies accurately show country of last permanent residence inde-

pendent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and

are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The

entry should give name and address of such relative. If no such relative living, give name and address

of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent

residence. An intended residence of one year shall constitute permanent residence. The entry should

show definitely the place (city or town) of intended future permanent residence, if within the United

States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket)

or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was

paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case

(individual or family) the exact amount of money shown. Money brought by the head of a family should

not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should

show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and

place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer

should show whether going to join either a relative or friend; and if so, what relative or friend, with name

and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet,

are subject to revision by inspection officers in the examination of aliens. However, in answering

question 25, if alien has been deported within one year and the Secretary of Labor has authorized him

to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under head of country does not mean "French" by race or people, and, similarly, "German" or "Hebrew" alien by the head of race or people does not mean "German" or "Hebrew" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Actual or an intended residence of one year shall constitute permanent residence.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence independent of statistical purposes that steamship companies accurately show country of last permanent residence in column 11.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question "Read what language (or, if exemption is claimed, upon what ground)?" should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSPECTOR IN CHARGE

INSPECTOR

Norm.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south.)"

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50. and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1890-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south.)"

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Bohemian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian.	Ruthenian (Russniak).
Bosnian.	Irish.	Scandinavian (Norwegians, Danes, and Swedes).
Bulgarian.	Italian (north).	Scotch.
Chinese.	Italian (south).	Servian.
Croatian.	Japanese.	Slovak.
Cuban.	Korean.	Slovenian.
Dalmatian.	Lithuanian.	Spanish.
Dutch.	Magyar.	Spanish American.
East Indian.	Mexican.	Syrian.
English.	Montenegrin.	Turkish.
Finnish.	Moravian.	Welsh.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the heading of country does not mean "French" by race or people, and, similarly, "French" appearing under the heading of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the head of race or people does not mean "France" by country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894, 1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 24.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as customer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country or which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Future destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; or, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (If alien in possession of \$50, and if less, how much).—The answer should give in each case (individual or joint) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (If alien ever before in the United States; and if so, when and where).—The entries should show whether or not, Year or No, in the United States before; and if so, the year (or period of years) and place, as 1880-1881, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 (Remarks).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 21, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (If passage was paid).—The entry should show definitely by whom passage was paid, as self, boat and father, brother, or other relative; friend, steamship company, etc.

Column 16 (If in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not Yes or No in the United States before; and if so, the year (or period of years) and place, as 1894-1895, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 (Remarks).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Trieste and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)."

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which a person resided with the intention of remaining one year shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 23.—These questions are self-explanatory and the answers, like all others on this sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question

the language or dialect the alien is able to read should be stated. If an alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if not, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 24, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891, 1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read with ease [or, if exemption is claimed, upon what ground]." In answering this question the language spoken by the alien is to be stated. If an alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people assigned in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$50. and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$30, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south.)"

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

14-418

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

Note: Manifests should show date of arrival in column 37.
Do not leave blank space in date of examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed; upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Italian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeña) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, agent, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note: Manifesting date is shown in red ink in Column "37"

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian.	Ruthenian (Russniak).
Bosnian.	Irish.	Scandinavian (Norwegians, Danes, and Swedes).
Bulgarian.	Italian (north).	Scotch.
Chinese.	Italian (south).	Servian.
Croatian.	Japanese.	Slovak.
Cuban.	Korean.	Slovenian.
Dalmatian.	Lithuanian.	Spanish.
Dutch.	Magyar.	Spanish American.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)." (Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

G. T. R. - Grand Trunk Ry. Co.

P. H. & S. - Pt. Huron & Sarnia Ferry.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been departed within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided, with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend, with name and complete address).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

CPR = Canadian Pacific Ry.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 3 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 29, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspection and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south.)"

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend, steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question

the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully

revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under

the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Ouba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian	Ruthenian (Russiak).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year permanent residence. The last country in which alien resided with the intention of remaining one year permanent residence. The last country in which alien resided with the intention of remaining one year permanent residence.

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 21, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband; father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)." In answering this question

the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States." Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

16-25

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian.	Ruthenian (Russniak).
Bosnian.	Irish.	Scandinavian (Norwegians, Danes, and Swedes).
Bulgarian.	Italian (north).	Scotch.
Chinese.	Italian (south).	Servian.
Croatian.	Japanese.	Slovak.
Cuban.	Korean.	Slovenian.
Dalmatian.	Lithuanian.	Spanish.
Dutch.	Magyar.	Spanish American.
East Indian.	Mexican.	Syrian.
English.	Montenegrin.	Turkish.
Finnish.	Moravian.	Welsh.
Flemish.	Pacific Islander.	West Indian (except Cuban).
French.	Polish.	
German.	Portuguese.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south.)"

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

MONTH OF NOVEMBER, 1922.

Norms.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member or of affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian.	Ruthenian (Rusniak).
Bosnian.	Irish.	Scandinavian (Norwegians, Danes, and Swedes).
Bulgarian.	Italian (north).	Scotch.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 3 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 3 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, location, motive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 3 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question

the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend, with name and complete address).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron melder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Dist. Hdq. File 42710/1-412; CoO. 8/23680 and
8/23681 of December 10, 1942:

"After careful consideration of the evidence presented, it was ordered that the record covering the admission of William Joseph Jarvis and Margaret Jarvis at Roberts Landing, Michigan, on November 4, 1922, be endorsed to show that they were accompanied by two sons, CLINTON JOSEPH JARVIS and FRANCIS XAVIER JARVIS, and that such record as endorsed be considered valid for naturalization purposes. Please endorse your records appropriately and thereafter issue certificates of arrival and forward them with the attached files Nos. 8-215524 and 8-225626 to the Assistant District Director, Detroit, Michigan".

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.
